

MASTER TRIP RELAY

MODELS AVAILABLE

- AEMS 32
- AEIH 50
- AEIH 32

KEY FEATURES

- Elegant black color
- Robust construction
- High speed operation
- Highly durable
- Resilient against surges

OPERATING VOLTAGES

- 30V DC
- 110V DC
- 220V DC

- Electromagnetic relay with Hand/Self Reset Contacts
- Attracted armature type compact design
- Operating time is less than 10ms
- Passed all performance and EMI/EMC tests

➔ Current carrying capacity	:	10A
➔ Making and carry for 3sec at 250V, 50Hz	:	30A
➔ Making capacity at 250V, 50-60Hz AC	:	5A
➔ Breaking Capacity,		
AC 220V, 50-60Hz, Cos ϕ =0.4	:	5A
DC 220V, L/R= 45ms	:	0.5A
➔ Operating temperature Range	:	-10°C to + 60 °C
➔ Storage temperature	:	-25°C to +70°C

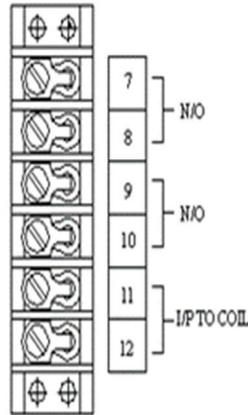

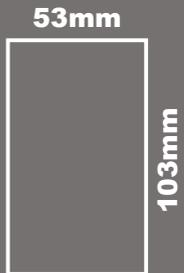

TERMINAL DETAILS

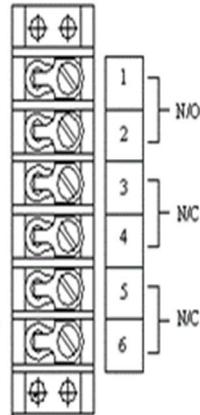

DIMENSIONS

- Height: 107 mm
- Width: 58 mm
- Depth: 102 mm
- Cutout: 103x53 mm
